SKILLS

Java

HTML5

CSS3

Javascript

Node.js

Express

MongoDB

Bootstrap 3/4

jQuery

Google Apps

PERSONAL PROJECTS

BKrafts [↗](#)

- An e-commerce Express web app created for my friend's personal woodworking business, with user authentication, built with Node.js, Express and MongoDB.

Colorfull [↗](#)

- Mobile game that familiarizes incoming developers and students with the CSS RGB Color System, including a lives system along with a high score feature, created with Android Studio's WebView.

Ambassadors for World Health Awareness Website [↗](#)

- As the secretary of AFWHA, a club at my high school, I developed the website for the club, which is a static website powered by HTML5/CSS3 and Bootstrap 4.

ACHIEVEMENTS

National AP Scholar

Granted to students in the United States who receive an average score of at least 4 on all AP Exams taken, and scores of 4 or higher on eight or more of these exams

Questbridge College Prep Scholar

The College Prep Scholars Program equips high-achieving high school juniors from low-income backgrounds with the knowledge, confidence, and resources to apply to top colleges.

USACO Silver Division

Created Java algorithms to complete all Bronze Division questions in the allotted time, competing among 7,000 competitors.

WW-P South Boys' Volleyball Varsity Letter

Played as a starter for my high schools' Boys' Volleyball Varsity team.
